

Dear parent / student,

Until a few years ago, we required all students to use Talknsave as their cellphone provider whilst in Derech for the academic year/s.

A couple of years ago, the cellphone market in Israel opened up, drastically bringing down prices. Talknsave too brought down their prices, however, we felt that although we still offer the services of Talknsave, one may shop around for a better deal. Please bear in mind however, that although talknsave may be a little higher in price than other companies, if something should go wrong, you have a technical support that we have dealt with for close on 13 years.

You will shortly be receiving a communication from Talknsave, so I thought I should get this email out first.

**A REMINDER:**

For those who still haven't applied to Masa for a scholarship, been in contact with Rabbi Meyers to work out finances, or have not scanned to me all the necessary paperwork, please do so **immediately**.

All the best,

Derech Administration
